Description

Impressive figured walnut veneers and cross grain mouldings both top and bottom. A very shapely cornice of cross grain mouldings and dental carving to the upper section with an arrangement of 2 short and 3 long graduated drawers in well figured walnut. A thin slither of inlaid chequered banding, with beautifully carved blind fret work on the canted corners. The lower section has 3 long graduated drawers, with fluted canted corners with carved leaf scrolls. Raised on original ogre bracket feet. The drawers all having brass swan neck handles and fully lined in oak, still with original turning lock and key. A wonderful mellow warm glowing colour, I think you can tell I like it. Very good condition.
