

C 19 th unusual teak Hoshiarpur table

Sold

REF: 679

Height: 73.63 cm (29")

Diameter: 76.17 cm (30")

Description

With inlay of brass and 2 other woods. A rather elegant designed inlaid top of bone, brass and another 2 different coloured woods. The base is carved out of a single block of wood with no joins. So each of the 3 legs is interlinked with each other. This takes great skill.
